## FALL/WINTER 2012 CLASS SCHEDULE

Fall and Winter seem to be the busiest times for knitters. We try to knit for ourselves and also for those we love. Knitting for others is a knitters way of telling people how much they love them. We get the pleasure of buying and touching yarns while creating wonderful gifts. Knitting may not be cheaper than buying, but the “good feeling” that accompanies a purchase is added value when we get the opportunity to create and knit. If you need inspiration for gift knitting, our Fall/Winter Class Schedule will inspire you. This class

schedule offers a large variety of classes from beginner to expert. This season’s classes not only inspire but encourage and expand your knitting skills. In addition, we have a Fall packed with events. We start with our “BIG REVEAL” on September 23 and continue with events that include Sharon of Three Irish Girls in October and a visit from the shepherd at Juniper Moon. Check our website for more information and details.

Happy Knitting,

*Bobbi*

### Continental Knitting

This class is geared toward "English" or "American" knitters who would like to learn the Continental or European method of knitting in which the yarn is held in the left hand and new stitches are plucked through as opposed to wrapped around the needle. Some say this is a faster style of knitting and puts less strain on the wrist and shoulders when compared to the "throwing" method. The class will address control of tension as we practice knitting and purling a new way. Must know how to knit and purl. Easy Plus (NW).

**\$16**

**Monday, September 19** 6 p.m.-8 p.m.  
**Wednesday, November 16** 6 p.m.-8 p.m.

### Socks: Double Helix Heel

The Double Helix Socks, designed by Jeny Staiman, are so cute they have taken the sock knitting world by storm. But, they are called "extra spicy" for a reason! The pattern starts with the "double helix heel" and it is a challenge to do. Once

the heel is finished, the rest is a breeze. This class **will only include the heel** and is for people who are up to the challenge—not for beginners! Bring two contrasting colors of worsted weight yarn, circular needles in size for yarn (24-32 inches long), and a copy of pattern (free from *Knitty.com*—Fall 2011). Intermediate (SR).

**CLASS LIMITED TO 4 STUDENTS** **\$16**  
**Saturday, October 8** 10 a.m.-12 p.m.

### Correcting Mistakes

It happens to the best of us. One minute you're knitting along happily, and then you look down at your work and see a stitch that isn't right or maybe even a whole row out of place in your pattern. Fortunately, knitting is easily corrected, and you'll learn from any missteps. Once you learn to correct them, you'll be happily on your way again. Learn to fix those easily corrected mistakes in order to get on with your knitting. Learn to pick up dropped stitches and more. Easy Plus (YE). **\$16**

**Monday, October 24 6 p.m.-8 p.m.**

**Traveling Sweater**

This Traveling Sweater creates a journey for the knitter. The sweater is worked as three separate pieces: a circular collar/body formed by working short-row wedges; and two back/sleeve pieces, begun using a provisional cast-on along the spine and worked out towards the cuffs.

The collar/body is then sewn or crocheted on the upper and lower back, and the provisional cast-on edges are then joined with a three-needle-I-cord bind-off. The k2, p2 ribbing is an easy knit. The sweater creates a shape that includes a generous shawl-like collar in the front with a generous drape along the body. The construction allows for a perfect fit across the shoulders making this garment flattering for all figure types. Easy Plus (YE).
